

About us

We are a well-established private dental practice in Horley, proudly built on a reputation for delivering personal, friendly, and high-quality dental care. Our dedicated team takes a whole-practice approach to prevention and long-term oral health, ensuring every patient receives tailored support at every stage of their dental journey.

Whether you're visiting for a routine check-up or seeking advanced treatment, we're here to help you maintain a healthy, confident smile in a relaxed and welcoming environment.

Partners, Dr Liu and Dr Jamil, have been working together for over 27 years. They are supported by a first-class clinical and support team.

Accessibility

Our practice is committed to being inclusive and accessible. The ground floor waiting areas and treatment rooms are wheelchair-friendly, and our toilet is equipped with handrails to support patients with limited mobility. Please tell us if you need any additional support or assistance during your visit.

Feedback and complaints

We aim to deliver the highest standard of care and treatment, but please tell us if anything has made you unhappy so that we can resolve any issues as quickly and effectively as possible. Our practice manager, Claire, will be happy to help you.

New patient assessment

Your first visit to our practice is an important step toward lifelong oral health.

We allow ample time to carry out a comprehensive assessment, ensuring we understand your dental needs and concerns from the very beginning.

During your initial appointment, we will:

- ✓ Take a detailed medical and dental history
- ✓ Perform a full examination of your mouth, including intra-oral photographs and dental X-rays, as required
- ✓ Conduct an oral cancer screening
- ✓ Review your current oral hygiene routine and periodontal health
- ✓ Discuss tailored preventative care strategies and treatment options

We believe in transparency and collaboration, so you'll always receive a written treatment plan outlining any recommended care and associated costs - giving you full confidence in your dental journey with us.

Our experienced dentists and dental therapists provide a wide range of treatment options, all delivered with precision, care and a commitment to excellence.

We use only the highest quality materials and the latest technology to ensure outstanding results tailored to your individual needs.

Advanced dental treatments and restorations

White fillings - composite materials matched to your natural tooth shade for a seamless finish.

Ceramic restorations - Crowns and onlays crafted while you wait using our state-of-the-art Cerec Primescan CAD/CAM system - no need for impressions or temporary fittings.

Teeth whitening - Brighten your smile at home with custom-made whitening trays designed for comfort and effectiveness

Hygiene care – a range of treatments to maintain oral health, prevent gum disease and manage periodontal concerns – from scaling and polishing to periodontal assessments and non-surgical periodontal therapy (NSPT).

Composite bonding, porcelain crowns and veneers - Transform your smile by concealing imperfections - ideal for making teeth appear longer, straighter and more uniform

Dental implants - In partnership with the award-winning The Implant Centre, we restore expertly placed implants to blend beautifully with your existing teeth

Clear aligners - a discreet and highly effective way to straighten teeth without the need for traditional metal braces

Smile makeovers - Achieve dramatic improvements with a bespoke combination of the above treatments to enhance your smile and boost your confidence

Maintaining your oral health

Regular dental visits are key to keeping your teeth and gums healthy. Your dentist and hygienist will recommend how often you should attend follow-up appointments based on your individual needs.

You may choose to pay-as-you-go on a fee-per-item basis or join a Denplan monthly payment plan, making it easier to budget for future care

We're here to support your long-term oral health in the way that suits you best.

Denplan Essentials - a convenient way to budget for your routine dental care. It includes:

- A fixed number of check-ups and hygienist appointments per year
- 10% discount on treatment fees
- Flexibility to join at any time

Denplan Care - comprehensive cover for your routine dental care* offering peace of mind with predictable monthly costs. You may join once any outstanding treatment is complete and you're assessed as dentally fit. Your monthly fee is based on your dental history and anticipated future needs.

**excludes: laboratory fees; cosmetic treatments; dental implants; surgical extraction of wisdom teeth or any specialist referrals.*

Both plans can be enhanced with Supplementary Dental Insurance, giving you extra peace of mind wherever you are.
